

TEX GLASS

Decorative laminated glass

DESCRIPTION

TEX GLASS is a fusion of materials and ideas. It is a line of decorative laminated glass with fabrics built-in.

RANGE

TEX GLASS features a range of many fabrics created by Nya Nordiska, a leading international textiles editeur which draws its inspiration from trends in fashion, art and architecture.

These carefully selected patterns are in line with the current trends in interior and exterior design, thus allowing the creation of a unique atmosphere to match the identity of all projects.

Find collection 2018 in the brochure.

TEX GLASS is a laminated safety glass according to EN 14449:2005+AC:2005. It is available with DIAMANT glass, either annealed, hardened, or toughened.

PRODUCT APPLICATION

Door
Partition
Display window
Table, desk, bookshelve
Shower screen
Splashback
Wallcovering

ADVANTAGE

TEX GLASS is a laminated glass, thus offering extended safety properties as it will hold together when shattered.

Saint-Gobain and Nya Nordiska have been awarded for TEX GLASS, the innovative product with one of the prestigious gold awards.

Depending on the fabric used, you will achieve a greater filtering effect of natural light, offering you intimacy and well-being.

Possible applications of TEX GLASS allow a perfect harmonization of interior and exterior design.

The layered films used filter out 99% of the ultraviolet light, thus protecting the colours.
