

TITLE

SGG Decor Glass

SUBTITLE

Pattern Glass - Interior Glass - SGG Decor Glass

BASIC INFORMATION

SGG DECORGLASS is glass that's pure inspiration. Appreciation of the unique attributes of form and function of this glass enables architects and designers to create comfortable as well as aesthetically enhanced interiors.

DESCRIPTION

SGG DECORGLASS is a patterned glass which has a texture on one of its surface. Available in a wide range of patterns and colours, it provides a wide choice of styles and variations for diverse types of application:

windows, doors, partitions, furniture, shower screens etc

RANGE

SGG Decorglass is available in four patterns:

Kyoto

Listral K

Waterdrop

Estradio

Thickness: 4 mm

Standard size: 2160 x 1650 mm

PERFORMANCE

SGG Decor Glass clear: from 80% to 90% depending on the pattern reference and thickness

SGG Decor Glass clear wired: approximately 80%

A large percentage of the light is transmitted by means of diffusion

Each patterned glass reference is categorised by a visual screening coefficient i.e. facilitating the selection of a suitable pattern to achieve the desired level of obscuration.

U- value = 5.7 W/ m²K

PROCESSING CAPABILITIES

Depending on the pattern reference and thicknesses SGG Decor Glass can be:

Edgeworked

Curved

Toughened or laminated for safety purposes

Assembled into double-glazed units for thermal insulation

STANDARDS AND REGULATION

Depending on the pattern reference and thicknesses SGG Decor Glass can be:

Edgeworked

Curved

silvered (SGG Miralite Contrast) or enamelled (SGG Emalit Contrast)

Toughened or laminated* for safety purposes

Assembled into double- glazed units for thermal insulation
Incorporated into sGG Stadip Silence acoustic PVB safety laminated glass

*the patterned side must face the outside of the assembly

PRODUCT APPLICATION

sGG Decorglass range is intended for a diverse variety of applications.

interior design and decoration: partitions, doors, shower screens and balustrades
furniture: tables, shelves, bathroom and kitchen fittings, office furniture, counters and worktops
windows
street furniture

ADVANTAGE

sGG Decor Glass subtly transmits and diffuses light, creating interior ambiances for all styles: conventional, modern or contemporary

sGG Decor Glass separates areas, whilst providing maximum light and privacy. This helps to:

Give the feeling of increased space in smaller living areas by diffusing and spreading light

Create a relaxed and intimate atmosphere by screening direct sight or vision

sGG Decor Glass is easy to keep clean.

GUIDELINE

sGG Decor Glass must be installed in accordance with safety standards and current national regulations. For a uniform appearance, adjacent panes should all be cut and glazed in the same pattern direction.
